

BIOGRAPHIE TROYANOVA

Troyanova is from Vienna and became a DJ due to his deep passion for electronic music. He was inspired by the underground sound of Ibiza and started playing his first tracks in 2002. Lately he was especially influenced from the twisted sound of Circo Loco at DC10 and Sven Väths Cocoon Club in Ibiza. Ever since then, he has been travelling to the spiritual Island and other major international music events to get new inspiration and to find new and energetic music for his audiences. He believes that good and special music brings happiness and joy to everyone's life and gives meaning to this universe. His heart beats faster for Tech-House, Minimal, Techno and Deep House. He loves getting people to dance and creating energy through the crowd with his uplifting music.

His style is influenced by all kinds of instruments and Arabic lyrics. He loves to mix contrasts in his sets, with which he surprises his audience time and time again. Troyanova brings the best party feeling to all parties, wherever he is in the world. He already played with the finest DJ's from all over the world like Pedro (Circo Loco / Label Arpiar), Thomas Melchior aka Melchior Productions (Circo Loco / Cadenza Records) and Crazy Sonic (Flexschallplatten) –just to name a few.

Troyanova brought Tech-House, Minimal and Techno closer to the Austrian party crowd. He thinks the time of commercial electro parties will expire somehow and people are ready for new kind of music mixes. In autumn 2008 Troyanova started as Resident DJ in Vienna at 2 major monthly events, which he also organized alone with his Partner. One took place @ the very trendy and high-class underground Club SKYKITCHEN and is called STARDUST. Stardust is now changing his location constantly to Viennas best Clubs like PRATERSAUNA and VOLKSGARTEN. The Second event series is called HOCUS POCUS for which the location changes every few months. In autumn 2009 Troyanova started a new project in Vienna called CLUB KATTUS, carrying the same name as the Champagne factory, where he is also Resident DJ together with Austria's and Moscow's most famous DJ's. Troyanova played several times in the most famous "over ground" Club KRISHA MIRA, Club 6 and in the Underground Club GAZGOLDER in Moscow, which is known for his crazy parties.
